

Provider: **Modernfold**

Length: **1 Hour**

AIA Course Number: **IMODo8F**

Credits: **1 AIA HSW CE Hour**

Course Title: **Choose Your Own Adventure: The Operable Walls Chapter**

---

### **Description**

Operable walls offer the opportunity to maximize any space by implementing superior engineering, aesthetics, and technology. Join us in this one-hour course as we dive into key understandings of operable partitions to address panel construction, suspension systems, sealing mechanisms, design options, automation, and safety. By the end of this course, design professionals will learn how all of these components work together to impact a project's environment in terms of space management as well as the end users' experience and well-being.

### **Learning Objectives**

By completing this course, the design professional will be able to:

1. Understand the variety of panel construction and suspension system offerings.
2. Differentiate between all partition seals and their unique benefits and options.
3. Evaluate all design options within the marketplace to customize your wall.
4. Comprehend the associated automation options and safety guidelines for use.

### **Method of Delivery**

The course is offered to design professionals in a lunch and learn classroom setting. The course is presented in PowerPoint.

### **Cost to Participants**

The course is sponsored by the manufacturer and is therefore offered to designers at no cost.
